CRDAMC comment: September 30, 2013

Mrs. Mckeon comes to work every day and always gets the job done. As her supervisor, I have to tell her to take a break many times. She is so knowledgeable in her job and even knows what I do (she reminds me daily). I would like her recognized in some way. Mark Patterson

CRDAMC comment: September 23, 2013

Ms. Delia Buckram is a compassionate, hard-working, and understanding supervisor!! She goes above and beyond for the MSAs and MRT at our clinic. She is such an amazing person!!

Tonia Burt commented about Elbira Pagan

CRDAMC comment: September 6, 2013

I had the pleasure to work with Mrs. Pagan during the Labor Day holiday. Even though our intercom system isn't currently working in the lab, Mrs. Pagan took the time to walk each and every specimen to the lab staff. This is true dedication, teamwork and commitment of a co-worker. Thanks Mrs. Elbira for everything you do in specimen processing to help accomplish our mission in the laboratory.

Candie Ware commented about Rosa Zimmer at Patient Appointments

CRDAMC comment: September 6, 2013

I have worked with Rosa in patient appts for over 8 months now, and even though she is in a different dept (WTU), she is always helpful to not only myself but all others she works with as well. She goes above and beyond to be helpful, and you can tell she genuinely cares to help others in a friendly and outgoing way.

Brian Shubert (IMD) is always so professional, courteous, and knowledgeable whenever he is assisting us in the Transcription Department. He is very much appreciated and we just want to thank him for going above and beyond. Thanks Brian!!!

SPC Mark Bunton commented about working in the FMRC

CRDAMC comment: August 12, 2013

I was recently sent to FMRC to help with the staff at FMRC at Darnall Medical Center, Ft Hood TX. As a Combat Medic 68W I have had some short experiences in other clinics but have never worked with a staff as helpful as those at the FMRC. Most Notable would be Cpt. Moffit. Her leadership has been spot on and admirable to say the least. Her Team amazes me every day with how flawlessly they handle each patient with the best of care under such difficult schedules and strained resources such as staff. Cpt. Moffit has an incredible team. Each member of which has their strong suit. Also, her staff has been more than eager to teach the Borrowed Manpower including myself on their systems, assessments and procedures making my experience here not only an educational opportunity but enjoyable to come to work. I look forward to working with this Team and hope my time here has been useful to Cpt. Moffit's team as well.

Louise Mills commented about Natasha Shaw

CRDAMC comment: August 1, 2013

Natasha Shaw is one of the many amazing MSAs at the Women's Health Center. Her superior customer service skills and extensive knowledge has allowed her to excel at hospital standards and provide excellent patient care. As her co-worker, I have seen her make the most difficult challenges into a simple, easy solution. She is a team player and one of the best MSAs in this hospital!! I am honored to work beside her every day.

Angelica Clubb commented about Radiology/Ultrasound

CRDAMC comment: July 25, 2013

I would like to thank the staff at the radiology dept. I have seen Rebecca in CT and Melissa in Ultrasound. Both of these ladies are a great credit to your hospital. They are very skilled at what they do and are very helpful in comforting a person and explaining the procedures. Thank you.

CRDAMC comment: July 23, 2013

The LVN's of Women's Health Center have gone above and beyond for our clinic. The most notable are MsJoyce Jones, Ms. Keri Messerich, and Ms. Debbie Johnson, all of which have worked hard to support the clinic during these tough times. Despite being short on staff, they have always found a way to complete the work and ensure patient satisfaction. This group of hard-working employees should not go unnoticed. Thank you for all your help.

Brenda Rubedor MSA comment about SGT Kendra Parson 3-South Med/Surg
NCOIC/WM

CRDAMC comment: July 9, 2013

I have been a MSA on 3-south Med Surg for ten years minus the few years I spent in the Admission & Disposition Department. I have seen NCOs come and go over the years, especially those who wear the title NCOIC and Ward Master. In a short few months, SGT Kendra Parson has helped our 3-South Med Surg Unit by cleaning up our area, turning in old equipment, staying late to make sure all equipment accounted for or turned in for proper repair. Even with Joint Commission, she did her part, above and beyond, to help our staff be prepared. She has been very helpful taking care of things assigned to her from her higher chain of command without hesitation or complaining. I am the primary time keeper for our civilian staff, SGT Kendra Parson assures that accountability and integrity by checking all time sheets before giving them to me for input. This makes my job less stressful. SGT Kendra Parson always walks in with a smile, carries herself with pride in her military uniform, and has been such a great asset. In the near future she will be replaced with another NCO, this will be an adjustment. I just think SGT Kendra Parson should get recognition for her devotion to the Army and to her fellow DOD workers. She will be missed.

Alisha Quiney comment about Logistics Facility Maintenance

CRDAMC comment: June 20, 2013

I would like to thank Mr. Jairon Torres for closing out a work order concerning the temperature control in the Patient Services Office. I have worked in Patient Services for a year and it has been extremely cold sometimes to the point of a sweater and a blanket was not enough. Not being allowed to use heaters this made the work environment sometimes very challenging especially in the winter months. Mr. Torres arrived and asked details about the problem and adjusted the temperature to now which is pleasant and I feel will be tolerable during all seasons. I no longer have to use a blanket, socks, and mittens to stay warm. Thanks to him I can sit in my office without feeling like I am in a freezer.

Ms. Soward comments about RN staff for D and E halls at Bennett Clinic

CRDAMC comment: June 18, 2013

I want to make sure that these four individuals are recognized and commended for going above and beyond the call of duty while I am experiencing a family crisis. I put in my leave request and was informed by my head nurse that she might not be able to approve my leave request due to other LVNs already being off on that day. But stated she would see if one of them would be willing to come in to work on that date. I was so devastated at the thought of not being there for my son and his wife. My response to the head nurse was ok, I understand. I was almost in tears but prayed about it and left it in God's hands. Approximately one hour later Mrs. Lindy Jones, RN, gave me my leave form back with the approved box checked. I was overjoyed!!! The next day I discovered that the RN's Lindy Jones and Initia Green agreed to work on the floor to cover for me while S. Weeks and T. Williams covered for them. My prayers were answered!!! They were my angels!!! Also, I thank Mrs. Collins, RN, Head, nurse for allowing them to step in for me. I will always be grateful to them all.
